

2nd Discussion Forum on Industrial Ecology and Life-Cycle Management

March 5-6, 2015
University of Coimbra, Portugal

SCOPE AND OBJECTIVES

To address current research in Industrial Ecology and Life-Cycle Management. The forum brings together faculty, researchers and students, covering the following topics:

- Bioenergy
- Buildings
- Eco-Design
- Energy Systems
- EPDs & PEFs
- Food & Agriculture
- Industrial Symbioses
- Life-Cycle Assessment
- Sustainable Mobility
- Urban Metabolism
- Waste Management

Keynote Speakers

Prof. Roland Clift, Univ. of Surrey, UK
Prof. Paulo Ferrão, Univ. of Lisbon, Portugal

Submissions and Publication

Contributions must be submitted under the form of abstracts (300-400 words), must be written in English, and should be formatted according to the instructions in the template provided in the workshop website. An optional short paper submission (3-5 pages) is also available. Short papers will be published in electronic format.
